the 1980's. The use approved at that time was for an accounting office. The Seminole County Land Development Code (LDC) requires uses other than single-family residential to be reviewed by the Planning and Zoning Commission and approved by the Board of County Commissioners (BCC). Staff recommends that during this rezone, the site be approved for all general office uses listed as Special Uses in the RP zoning district in the LDC. The BCC may allow any of the special uses upon making the following findings of fact pursuant to Section 30.624 of the LDC:

1. Is not detrimental to the character of the area or neighborhood or inconsistent with the trends of development in the area; and
2. Is not incompatible with the concept of low intensity of land usage and site coverage; and
3. Does not have an unduly adverse effect on existing traffic patterns, movements, and intensity.

STAFF RECOMMENDATION:

Staff recommends APPROVAL of the request to rezone 0.26 ± acres, located on the west side of East Lake Brantley Drive just north of SR 434, from RP (Residential Professional) to RP (Residential Professional), subject to the attached site plan and Development Order.
